

THE MINERS GO TO WORK

Elm Grove Miners Accept the 61 Cent Compromise.

ALL AGAIN CAME OUT LAST NIGHT.

The Contract had been Prepared all Ready to Sign, but was not Signed. The Moundsville Strike—The Riverside Proposed Ten Per Cent Reduction—Other Industrial Matters.

Yesterday twenty of the miners at the Elm Grove coal works accepted the proposed reduction of wages to 51 cents a ton, and went to work. Last night the officers of the district union went out to Elm Grove and called a meeting of the miners, which was attended by nearly all of them. It was found that a formal contract had been drawn up, by which the miners individually agreed to accept the new scale, but it had not yet been signed. The miners also said that the officials of the company had agreed if the men work at 51 cents until July 1, they would then restore wages, if possible.

After the matter had been thoroughly talked over, the miners again agreed to come out and maintain the strike. This morning they will all be idle again.

THEY MAY STRIKE.

The Riverside Steel Workers to Meet Tonight.

A meeting of the steel workers of the Riverside works is to be held at Alert Hall, on the South Side, this evening when the question as to whether or not they will accept the lately announced cut in their wage scale of ten per cent will come up for discussion. It is said the workmen are divided on this question, and a decision to govern all may not be reached at the meeting this evening.

The Moundsville Mine Strike. The Moundsville Coal Company have posted notices that all miners who will go to work on their terms can get work at their mines. The men have a card in another part of this morning's paper, asking miners to stay away from Moundsville until the trouble is settled.

Industrial Notes.

The Belmont mill is on after a long stop.

The stockholders of the Central Glass works will hold their annual meeting to-day.

The Benwood steel works are off until Monday on account of the supply of ore giving out.

To-day is pay day at Bloch's tobacco works, the LaBelle mill and other industrial establishments.

A cylinder head blew out at an early hour yesterday morning at the Riverside steel works in Benwood and the men in that department will be off for a day or two until the damage can be repaired.

THE LANDING GRANTED.

The Ferry from the Island will Land at the Upper end of the Wharf.

Yesterday afternoon the council committee on wharves met to consider the petition of a committee of Island citizens for the right to land a ferry on the wharf at the foot of Twelfth street and at the foot of Ohio street on the Island.

Wharfmaster Crocker and several steamboat men were also present. There was strenuous opposition to the landing at Twelfth street, but none to the use of the upper end of the wharf for that purpose. Finally the committee agreed to recommend to council the passage of an ordinance granting the right to land at the foot of Ohio street and at the north end of the wharf. The water is deeper there than at Twelfth street, and a much better run will be the result.

The committee soliciting subscriptions to the capital stock of the ferry company is meeting with much encouragement, and the project is an assured success.

A member of the committee on ferry said last night that the ferry would surely be in operation sometime next week.

To grow old gracefully, one must live temperately, calmly, methodically; be interested in all that is going on in the world; be cheerful, happy, and contented, and above all, keep the blood pure and vigorous by the use of Ayer's Sarsaparilla. Be sure you get Ayer's.

Barbour's linen thread 5c. Julius Jacobs.

Hood's Sarsaparilla Cures

Mrs. David N. Kibler of Shenleyton, Va., was a sufferer with stomach trouble. At times she was in severe pain and great misery. Pleading pains would seize her in the right side and at times shoot from the hip to the breast. She also suffered chills in the body and limbs. Physicians failed to diagnose the case and medicines failed to cure.

Hood's Sarsaparilla quickly brought about a change and the result has been a perfect restoration to health.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

QUEENSWARE.

CLOSING OUT SALE

—OR—

HOLIDAY GOODS,

Carried over from the holidays; will be sold cheap for the next week, at

JOHN FRIEDEL & CO'S,

1110 MAIN STREET.

THE INTELLIGENCER VIEWS.

Two More Portfolios Ready to-day—They Are Fine.

The parts of the World's Fair Photos and Slides and Scenes of the World ready for delivery to-day are quite as fine as any former ones in either series. In fact, what has been said before of these magnificent art works holds good in regard to the new issues—each succeeding portfolio seems to be an improvement on the last.

All the parts are now in stock at the INTELLIGENCER counting rooms, ready to be delivered to those who bring in their six coupons and ten cents for each part. The demand has shown no diminution from the beginning, but on the contrary there is a little increase each week, and many a home in the territory reached by the INTELLIGENCER will be brightened by these fine art works.

THE BOWLERS LOSE.

South Side Team Takes the Lead in the League Race.

Club.	Won.	Lost.	Pr. et. score.	High
South Side.	11	3	296	1,573
Wheeling Bowling Club.	9	5	274	1,484
Columbia.	10	2	214	1,413
Intelligencer.	8	4	267	1,257
Calumet.	6	8	429	1,356
W. A. W.	6	9	257	1,289
The Bowlers.	5	11	214	1,425
Press Club.	2	12	167	1,435

Last evening on the Mozart Park bowling alleys the South Side bowling team of the Wheeling Bowling League defeated The Bowlers two straight games and took the lead in the race for the championship. The Wheeling Bowling Club may take two games from the Intelligencer Club this evening, and be on a tie with the South Side's bowling pets, but then again they may slip a cog, so to speak.

The first game did not bring out any particularly brilliant scores except those of Wright, 251, and Marschner, 250. Not one of The Bowlers made over 197. The score:

FIRST GAME.									
SOUTH SIDE.					THE BOWLERS.				
	at	sp	bk	ser		at	sp	bk	ser
Speedell.....	3	4	3	160	Friswell.....	3	4	3	172
Hannum.....	5	3	2	194	Berry.....	3	4	3	172
Viewig.....	7	1	2	202	List.....	5	3	2	172
Marschner.....	8	2	0	250	Hazlett.....	5	1	4	178
Fortmann.....	5	2	3	173	Bloomfield.....	6	1	3	192
Wright.....	9	1	0	251	Blind.....	2	4	4	151
Totals.....	37	22	10	1319	Totals.....	27	17	19	1329

The second would have been won by the uptown boys had they rolled a respectable game, but they fell even heavier than the South Side and had a score of 931, close to the league's "booby" score, now held by the Press Club. The best individual score was that of Marschner, 258. Marschner's work in both games was excellent. The score was as follows:

SECOND GAME.									
SOUTH SIDE.			THE BOWLERS.						
	at sp	bk ser		at sp	bk ser				
Speedell.....	5	0	177	Friswell.....	3	1	6	147	
Hannum.....	5	4	1	263	Berry.....	4	4	2	175

Wright.....	5	4	1	200	Blind.....	6	0	4	163

Scorers—J. L. Rhee and R. L. McAlain.

A LETTER FROM DOLE.

Which Minister Willis Did Not Have Time to Send—It Will Come Later.

WASHINGTON, D. C., Feb. 2.—The President to-day transmitted to Congress the dispatch received from Minister Willis on last Saturday. The letter of President Dole is not included for lack of time to transcribe it after Mr. Willis received it. Dispatches 25, 26 and 27, which are withheld, are merely statements of accounts, legation requisitions, etc. The dispatch of Minister Willis is as follows:

(Confidential.)

"LEGATION OF THE UNITED STATES, Honolulu, H. I., Jan. 12, 1894."

To Hon. W. Q. Graham, Secretary of State:

"Sir:—On yesterday at 6:30 p. m. I received the Hon. S. B. Dole's answer to my letter of January 1, requesting him 'at his earliest convenience' to give me the specifications contained in a prior letter. His answer is about fifty pages of closely written official paper, and has been delivered too late to either copy or reply to it in time for the steamer leaving at 2 p. m. to-day.

"There is one extract, however, to which I think your attention should be called, wherein it is stated: 'This government has been and now is subjected to the necessity of increased watchfulness and a large additional expense which but for such attitude would have been unnecessary.'

"In a previous letter of December 27, Minister Dole has stated the government offices have been placed and still continue in a condition of defense and preparation for seige, and the community has been put into a state of mind bordering on terrorizing."

"Some portions of the letter from which these extracts are made confirm the above statements, while others seem to negative them. With this explanation submit them to your consideration. The next steamer leaves here February 3, which would place you in possession of Mr. Dole's letter and my proposed reply thereto about February 15.

Very respectfully,

ALBERT S. WILLIS.

A CRUEL MURDER.

At Bradford With Some Mysterious Features.

OH, CITY, Pa., Feb. 2.—A special to the *Intelligencer* from Bradford says: A cruel murder was perpetrated in this city about 5 o'clock this morning. L. H. Ballis and Tandy Burns, two members of the Citizens' Hose Company, started on a spree yesterday that lasted all night. Towards morning they became quarrelsome and engaged in a scuffle on Main street. No one saw just exactly what happened, but Burns staggered to the sidewalk with a severe knife wound in the neck. He was carried to the hose house where he expired within an hour. Ballis made no effort to escape, and stoutly maintained that he had not committed the deed. He helped carry his victim to the hose house and has borne an air of indifference ever since. He has been arrested, together with a companion, D. B. Williamson, who were with the two shortly before the murder was committed.

Small Pox at Weilsburg.

Special Dispatch to the *Intelligencer*.

WELLSBURG, W. VA., Feb. 2.—A case of smallpox has been discovered in the heart of the business portion of this city. Quarantine measures have been adopted to prevent the spread of the pest.

Killed by a Train.

Special Dispatch to the *Intelligencer*.

CHARLESTON, W. VA., Feb. 2.—Allen Johnson, a miner was killed by a C. & O. train at St. Clair mines last night. Johnson was walking along the track and did not hear the warning whistle.

Will Visit Bismarck.

BERLIN, Feb. 2.—The *Hamburgische* correspondent says that it is considered certain that Friedrichsruhe that Emperor William will take advantage of his journey to Kiel, in the middle of February, to visit Prince Bismarck.

TREND OF TRADE.

Confidence Strengthened by the Bond Issue—The Industrial Improvement.

New York, Feb. 2.—R. G. Dun & Co.'s weekly review of trade:

A fresh impulse has been given to business this week by the success of the treasury in obtaining gold for its reserve, thus strengthening confidence in its ability to maintain gold payment. Revenue had fallen off so much, and the prospects for the loan looked so unfavorable, until financial institutions here decided to carry it through, that some anxiety about the monetary future was natural.

Gradual improvement in business explains the appearance of more commercial paper in the market this week than has been seen for a long time, though as yet the vast accumulation of idle funds is proof enough that trade has by no means regained its normal proportions. Industrial recovery continues, though it is but gradual, in response to the demand of a people whose consumption at its lowest is greater than that of any other country, and more mills are now at work.

Larger demand for structural iron and steel for railway materials, except rails for barbed wire and especially for wire nails and wire rods, gives a better look to the iron industry both east and west.

Chicago notes distinct improvement; at Pittsburgh business is larger, though prices do not gain, and even at Philadelphia trade is better for pig iron and finished products, while encouragement is found in the fact that the prices do not further decline. Only four of the eleven stacks of the Thomas Iron Company are in operation, and of Connellsville coke ovens 8,410 against 9,106 idle, others having been made as low as 85 cents, facts which indicate that the improvement is not great as yet, but there are reported heavy sales of billets and wire rods at slightly better prices. Two events of some note are a sale of Bessemer pig at Cleveland for \$10, and the capture of an order for sixty miles of wrought iron pipe for a Canada company by the American Tube Works.

Domestic exports for four weeks have been fourteen per cent lower than a year ago, while imports have been 37 per cent smaller. Customs receipts for January were but \$11,500,000, against \$21,000,000 last year and evidently the success in the sale of bonds is a matter of high importance. Commercial failures for the week number 366 in the United States against 255 last year and 52 in Canada, against 46 last year, the list including two of over a quarter of a million each. Out of 1,822 failures reported in four weeks of January, the liabilities ascertained in 1,613 failures amounted to \$19,429,637, of which \$8,270,702 were of manufacturing and \$10,323,354 of trading concerns, no failures of banking, brokerage or transportation companies or firms being included.

NO HARMONY.

In Pennsylvania Democratic Ranks—A Second Candidate in the Field.

PHILADELPHIA, Pa., Feb. 2.—All probability of anything like harmony in the ranks of the Pennsylvania Democracy was ended to-day by the issuance of the letter of acceptance of A. D. Markley, the candidate of the "Pennsylvania Democracy" for congressmen-at-large. It is addressed to the executive committee of the Independents. After denouncing the state administration the letter says:

"The organization has been used simply as an instrument to secure political patronage for the benefit of the boss and his associates and with this as the sole end of political activity, the Democracy has become in Pennsylvania a thing of laughter, derision and contempt."

"In entering this contest and becoming the standard bearer of revolt, I desire it known that the present movement has come into being to stay until its mission is accomplished, in regenerating the party from boss ownership, in relegating spoilsmen to the ranks and in giving the people of the state an organization to which they can look for helpful aid in promoting the public weal."

INSULTING WITNESSES.

A Practice Some Lawyers Follow Receives a Backset From Judge Gary.

CHICAGO, Feb. 2.—Judge Gary who presided in the Haymarket Anarchist trial handed down a decision to-day from the appellate court which marks a departure in Illinois jurisprudence. The decision is in the case of the West Chicago Street Railway Company vs. A. D. Groshon. Judge Gary in the opinion takes up the question of the treatment accorded witnesses by the plaintiff's attorneys, one of whom was ex-Judge Wing, leading counsel for the defense in the Coughlin case. A verdict of \$25,000 for the plaintiff had been given and Judge Gary reverses the decision, giving as one of his reasons the manner in which Groshon's counsel attacked the witnesses.

"Witnesses should not be insulted when on the stand," says Judge Gary's opinion, "nor should an examination be a contest of skill or nerve between the witnesses and the lawyer. In this state the courts have so little control of the proceedings before them that really no other way is left to enforce decorum toward witnesses and in the addresses to the jury than to grant new trials for the breaches of it."

Ives-Slosson Billiard Match.

CINCINNATI, O., Feb. 2.—The feature of the second night of the billiard tournament was the long run made by Ives in the eighteenth inning of 163 points—the next to the largest run ever made in balk line billiards with the anchor nrao barred.

Ives also holds the record of 203, the best under these conditions. Ives showed the greater skill but Slosson scored more fancy shots and was in high favor with the crowd.

Score—Ives 600; Slosson 344. Average—Ives 25.47; Slosson 17.15.

Pittsburgh Produce Market.

PITTSBURGH, Pa., Feb. 2.—Butter, Elgin creamery brand, 24c; fancy country roll 24c; low grades and cooking 24c. Cheese, Ohio new 15c; Wisconsin new 12c; Swiss, Ohio 14c; Wisconsin 14c. Eggs, strictly fresh Pennsylvania and Ohio, in cases, 15c; poultry, large live chickens 6c; small 5c; ducks, 6c; turkeys, 8c; geese, 10c; per pair, live turkeys 8c; per pound; dressed chickens, drawn 12c; per pound; turkeys, 12c; per pound; ducks, 12c; per pound; geese, 12c; per pound; hams, 12c; per pound; corn, 12c; per bushel; less 5c; other kinds 6c; Jersey sweet 5c; 50 lb. per barrel; Baltimore sweet 5c; 50 lb. per barrel. Cabbage, per 100 head, \$1.00; per barrel. Onions, yellow globe \$1.00; per barrel. Turnips, purple tops, 40c; celery, 30c; rutabaga, 15c; per barrel. Carrots, 15c; per barrel. Parsnips, 15c; per barrel.

ATTENTION, A. O. U. W.

The members of Upchurch and Wheeling Lodges A. O. U. W. are requested to attend memorial services at St. Michael's P. O. church to-morrow (Sunday) evening, February 4, at 7:30 o'clock. Members of sister lodges are cordially invited.

A VIGOROUS POLICY.

One True Source of Personal Force and Courage.

Tremendous Capacity for Accomplishing Work—Vigorous Digestion and Calm Nerves Accomplish All—Paine's Celery Compound a Remedy That Does the World Good.

The admiration accorded certain public men is due to their splendid moral courage.

Great moral courage and determination are impossible without a sturdy digestion, a healthy liver, and a vigorously nourished nervous system. No one can imagine a Reed, Hill, Cleveland, Russell, or any great champion of his party in parliamentary debate with a badly

proved appetite and gradual gain in weight. This remarkable remedy sets to work at once to nourish nerve centres and purify the blood of harmful humors. It was the belief of Prof. Phelps, of Dartmouth college, the discoverer of coery compound, and he so stated in his classes at Dartmouth college, that only when the system is perfectly nourished in tissue, blood and

COUNCILOR GEORGE F. MORSE.

nourished brain, a weak digestion, and shaky nerves. Only the healthy man, whose organs are doing their duty, is firm, convincing, magnetic, courageous. A man of ideas needs sound health to carry them out, and a clear, cool brain is better than a shabby one, however brilliant. The man who can work long hours under pressure win success, and fame or failure depends often on a

nerve centres, it is possible to drive out the special disorders from important organs like the liver, kidneys, heart and stomach. Paine's celery compound to-day sustains the strength of thousands of hard worked men and women who cannot take vacations, and feel the effects of the unnatural demands made upon their strength and nervous energy.

Commonwealth of Massachusetts,
Council Chamber,
Boston, Nov 28 1893

I am wearing Paine's Celery Compound with the most of results for indigestion from which I have suffered very much in the few years and I am very glad to recommend it to any likewise troubled as I am sure they will be greatly benefited thereby.
Very Respectfully
G. F. Morse

AN AUTOGRAPH LETTER.

strong stomach, healthy nervous system and plenty of reserve force than on great intellectual power.

Be well. Get rid of liver and kidney weakness. Paine's celery compound will take away the sickly, depressed, unambitious feeling that comes with dyspepsia, disordered liver, and nervous weakness. Paine's celery compound will fill the veins with blood that is red and rich in food for every vital organ. The first noticeable effect of Paine's celery compound is the immediate im-

Paine's celery compound is the greatest blood and nerve remedy that has ever in the history of medicine come within the reach of plain, hard-working people.

Hon. George F. Morse, one of the most prominent of the governor's council of Massachusetts, is one of the Day state's most substantial manufacturers and business men, a veteran of the late war, a popular and conservative citizen. His autograph letter is of interest to every one.
